

HENRY GETS ORDER TO SELL

HIGH SHERIFF WOULD LIKE POSSESSION OF GOODS HELD BY COUNTY SHERIFF.

High Sheriff Henry has been served with an order of the District Court that he proceed to a sheriff's sale of the property of the Iwata restaurant on Hotel street, which happens to be in charge of County Sheriff Brown, under an attachment which the latter served. One of Brown's officers is constantly on duty at the restaurant and Brown has the goods, hence Henry cannot carry out the order of the court.

The restaurant in question is the same one in which the two sheriff's authorities clashed about a week ago. The attachment under which the new order to Henry came from the court is the third which Henry has placed on the establishment.

Henry will probably try to get the goods and hold the sale, but the County Sheriff will not give them up, and then there will be a legal test of the question of which sheriff has authority to make attachments.

MANCHURIA'S POSITION

The Manchuria has imbedded herself deeply in the bottom at the Waimanalo reef. She has sunk 5 feet 8 inches forward and 9 feet by the stern. She will have to be pulled more than her present length, 800 feet, to get into water sufficiently deep to float her.

One of the first things that Captain Metcalf will have ascertained will, undoubtedly, be the character of the soil in which the vessel is sunk, how much is coral and how much is sand.

LIGHTHOUSE SITE

The site that was selected by Admiral Very and Capt. Slattery for the lighthouse at Makapuu Point has been found to be over 400 feet in height which is considerably higher than is considered desirable for lighthouses. Inasmuch as it is the only available site the lighthouse will have to be erected there.

RAWLINS RESIGNS

Attorney W. T. Rawlins has resigned as chairman of the Board of Registration of the County of Oahu. He was appointed recently by Governor Carter and a question arose as to whether he could hold the position while he was referee in bankruptcy in the federal court. The board meets on Saturday, court.

RAPID TRANSIT WANTS NO GAMBLERS

RAPID TRANSIT AND LAND CO. LET OUT A NUMBER OF THEIR CONDUCTORS WHO PLAY POKER

There has recently been quite a shake up among the road force of the Rapid Transit & Land Co. Nearly a dozen of the old conductors were let out on account of it being found out by the company that the men have been gambling and the authorities do not believe that they can afford to employ men to handle their receipts who gamble.

A number of the conductors have been in the habit lately of going to the club house which the company has furnished for the use of its employees and there passing the time by indulging in small games of poker with a "two-bit" limit. The company learned of the affair and consequently they are looking for new men in place of those who were let out.

The number of extra men on hand were not equal to the demand and so many of the day men are forced to work night and day at present. New men however are being broken in rapidly and it will not be long before the force will regain the even tenor of their way.

DOLE WILL GO

United States Judge Dole will in all probability be among the delegates in the Republican Territorial convention at Wailuku on September 8. Judge Dole was nominated as a delegate in his precinct and his election in the primary is unopposed. He stated this morning that he expected to be able to make the trip.

CORREA TO RUN

A. G. Correa, the Portuguese attorney has announced himself as a candidate for Republican nomination for the legislature. Correa intends to run for the House if he gets the party nomination. He is a well known local attorney and is regarded as a strong candidate.

CHILLINGWORTH SUCCEEDS RAWLINS

The Governor this afternoon appointed Samuel F. Chillingworth to succeed W. T. Rawlins as Chairman of the Board of Registration for Oahu. Mr. Chillingworth was a member of the legislature of 1903. He has been a resident of the Islands for many years. He is a practicing attorney.

ARRESTED FOR BATTERY.

A Japanese by the name of T. N. charge of battery on a bootblack by the name of Makali. The boy asked the Japanese if he would like to have his shoes blacked and the Jap answered by striking the boy three or four times about the head. An officer happened to see the Jap in the act and he took him to the police station where a charge of battery was entered against him.

The public schools throughout the Territory will open for the year on Monday, September 10.

HOW IT IS DONE.

By handling large quantities of goods and by selling these goods at a very small margin of profit we are able to make prices on Japanese articles that cannot be duplicated in Honolulu. K. Yamamoto, wholesale merchant, Hotel near Nuuanu.

TIDAL WAVES.

The amount of excellent beer sold daily at the Criterion would make a respectable tidal wave in itself.

Claims Restorer Has No Right To Help Save The Manchuria

CABLE STEAMER IS A BRITISH VESSEL AND LOCAL SEAFARING MEN CONTENT SHE IS VIOLATING AMERICAN LAWS IN AIDING THE WRECKED LINER—MATTER REPORTED TO WASHINGTON.

Although the S. S. Restorer has had a line on the wrecked Manchuria for the last six days and has participated quite actively in giving saving assistance to the stranded liner, there is considerable criticism of the action of the cable steamer. In fact it is contended that she is acting without any right whatever and in direct violation of the American laws.

The Restorer is a British vessel. Under American laws, no foreign vessel has the right, it is claimed, to go into American waters and engage in salvaging operations. It makes no difference whether the wrecked vessel be a British craft or not. None but an American bottom has the right, it is claimed, to engage in salvaging or wrecking her.

It is claimed that there is not sufficient craft necessary for salvaging the Manchuria available in this port and that the infringement of the American law, if such proves to be the case, by the Restorer is justified.

Normal Gets A Fine Present

MISS JOSEPHINE LOCKE PRESENTS HER COLLECTION OF ANCIENT AND MEDIAEVAL ART.

Principal Edgar Wood of the Normal School who returned by the Maheno from his summer vacation, brought back with him a collection of plates of Greek, Roman and Mediaeval architecture and sculpture, that is regarded as one of the most valuable from the point of view of instruction, that has ever been gathered.

It is the gift to the Territorial Normal School of Miss Josephine Locke, at the head of the art instruction in the Chicago Public Schools. Miss Locke is now a visitor in Honolulu and has been for some time. She became much interested in the work of the Normal School, and offered this collection, which was then stored in the Chicago Art Institute. Prof. Wood got it while on his vacation and brought it back with him.

It is a collection made by Miss Locke in the course of her work for the Chicago Public Schools, and consists of six or seven hundred plates artistically mounted, representative of the art and architecture of the periods covered by the collection. The collection is a selection from the whole range of such material contained in the museums and galleries of Europe.

It was highly prized by the Chicago Art Institute in whose keeping it was, and who had hoped eventually to become the possessors of it.

District Magistrate For Kau

A LONG AND BITTER FIGHT ENDED BY THE APPOINTMENT OF WALTER H. HAYSSELDEN.

Walter H. Hayselden has just been appointed District Magistrate in Kau, to succeed J. H. Waipulani. The appointment was made by Chief Justice Frear.

The vacancy is one that has existed for some time. There has been a pretty bitter controversy between the plantation interests and the other people and interests of the community over the appointment. Hayselden is not affiliated with the plantation interests.

He is a son of Fred Hayselden, and is a graduate of Punahou. He went to Kau some years ago and took up a homestead where he has resided ever since. He has been deputy sheriff of the district and is well and widely known. He is married and has three children.

The appointment was made today and his commission went by the Mauna Loa.

The Normal school has just recently secured a stereopticon of the very latest design, and the only one in Hawaii. With it any picture may be thrown on the screen in enlarged size, whether made into a slide or not.

The Normal school opens for the year September 10 and the faculty is now making preparations for the year's work.

CLEAN SWEEP PROMISED AT NUUANU DAM

ENGINEER HOWLAND OF THE PUBLIC WORK DEPARTMENT TO BE NO LONGER IN CHARGE OF THE WORK AND INSPECTOR SMITH IS TO BE REMOVED—KELLOGG MAY RETURN AND TAKE FULL CHARGE.

The latest proposition in connection with the Nuuanu dam involves some sweeping changes in all the government staff connected with its construction. It is said that Kellogg will probably come back from California to take charge of the work from the government side and that new inspectors will be imported. Whether Kellogg comes or not, Engineer Howland of the Public Works Department will no longer be the engineer in charge, and if Kellogg does not come some other man, from abroad, will take hold.

This decision is a result of various discussions had by the governor, Superintendent Holloway, Contractor Whitehouse and others. Howland was considerably dissatisfied anyhow, it is said, with the idea of going ahead with the Kellogg plans. Whitehouse was more than dissatisfied with Inspector Smith. Carter and Holloway didn't care who inspected as long as com-

petent men did it, and the governor suggested that if the present force was not the best, Holloway had better cable to the coast and get new men, if he could not get men here who were satisfactory in every way.

If he can be obtained, Kellogg will be employed, it is stated. When Kellogg was here, Carter suggested to him that he take up the work as a special job, but Kellogg couldn't see his way to it then. It is now believed that he will come and be the engineer of the job, carrying out his own plans.

Cables have already been sent, it is said, for men to come here and take up the work.

In addition to Engineer Howland, and Inspector Smith, there is likely to be a clean sweep, it is stated, of the supervising employees at the dam, and the work will go ahead in charge of a complete new set of men, under the new Kellogg plans.

CARTER SAYS HE IS NOT IN THE COUNTY FIGHT

THE GOVERNOR EXPRESSES HIS SUPPORT OF PROPOSAL TO PASS A PRIMARY LAW AND ALSO INDICATES HIS DISAPPROVAL OF THE "STRAIGHT TICKET" PROPOSITION UNDER THE PRESENT PLAN OF PARTIES' ORGANIZATIONS.

Governor Carter said this morning that he was not in the County political contest and was not disposed to take any active part in work for the selection of nominees. He did, however, express views that under the present scheme of election laws and party management, the party organizations were asking too much when they asked straight ticket voting, and said that it appeared that in local affairs, at least, a few Mugwumps were needed here.

The governor expressed himself in response to an inquiry as to whether he had given any consideration to the matter of a primary law, which is apparently to be one of the matters prominently brought up in the next

legislature. Carter said he had given a good deal of attention to the matter both here and elsewhere, and was strongly in favor of having a law here.

"Such a law compels voters to come out and declare themselves," said the governor. "They must vote either at one party's primaries or another and cannot vote more than one party ticket in the primaries. They are also required to select their own nominees. Undoubtedly such a law prevents political chicanery. It does not mean that a man cannot change his politics after a primary and vote for whom he pleases, but at least he cannot vote."

(Continued on Page Five).

A BIG DIFFERENCE. There is a difference in the flavor and quality of beers—that's why people who know drink Rainier Beer.

RESUMED PRACTICE. George D. Gear has opened law offices in the rooms formerly occupied by Justice Hatch on Kaa'umanu street. Telephone Main 214.
